Art Unit: 3634

Claims 6 and 7,8 dependent thereon are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 6, line 7, "like an eddy" is unclear. "Eddy" is not used or explained in the specification and "like" is indefinite. In line 10, the structural relationship of the "upper side" is unclear and indefinite. Line 20, "in an end" should be changed to ---on an end---. Line 22, there is no antecedent basis for "the support member side".

If claim 6 is amended to overcome the 112 rejection, the claim would be considered allowable.
